AE/NX6

A STUDY IN WHITE.

AE/NX6 explores the tension between structure and ease.

The jacket is cut with a clean, elevated profile, defined by its high neckline, sharp panel construction and restrained detailing.

The matching trousers fall into a relaxed, straight silhouette, giving the set a sense of movement without losing its architectural character.

The monochromatic white palette pushes the design further - clean, almost clinical, yet unmistakably futuristic.

There is no unnecessary ornamentation. The silhouette, construction and subtle ÆSSENCE insignia carry the identity.

The result is a look that feels somewhere between modern uniform, quiet luxury and future utility.

AE/NX6

AE/NX6 is built around line, symmetry, and restraint. Every seam and panel follows a deliberate visual rhythm, creating a sense of order that carries through the entire fit. The balanced jacket construction meets a wide, uninterrupted trouser silhouette, giving the body a composed, almost architectural presence.

The all-white palette reinforces the idea of clarity and duality within ÆSSENCE stripping the fit back until its structure becomes the statement.

This is pure ÆSSENCE disciplined, intentional, and unapologetically distinct.

LINE. BALANCE. PRESENCE.
Nothing excessive. Nothing accidental.

AE/NX7

A study of emotion in physical form.

Created as part of UNKNOWN ECSTASY, AE/NX8 began as a blank canvas. Not a garment, but a surface onto which feeling could be translated. Every mark exists as a trace of an emotion that could be felt but not fully named.

The contrast between purity and disturbance forms the foundation of the piece. Deep blacks emerge across the surface like thoughts breaking through silence, creating a dialogue between control and release, clarity and uncertainty.

AE/NX7

NX7 does not attempt to explain emotion. Instead, it preserves it.

It is the moment before understanding.
The moment before language.
The moment when feeling exists only as sensation.

UNKNOWN ECSTASY is the exploration of that space.

AE/NX7 is its first trace.

AE/NX8

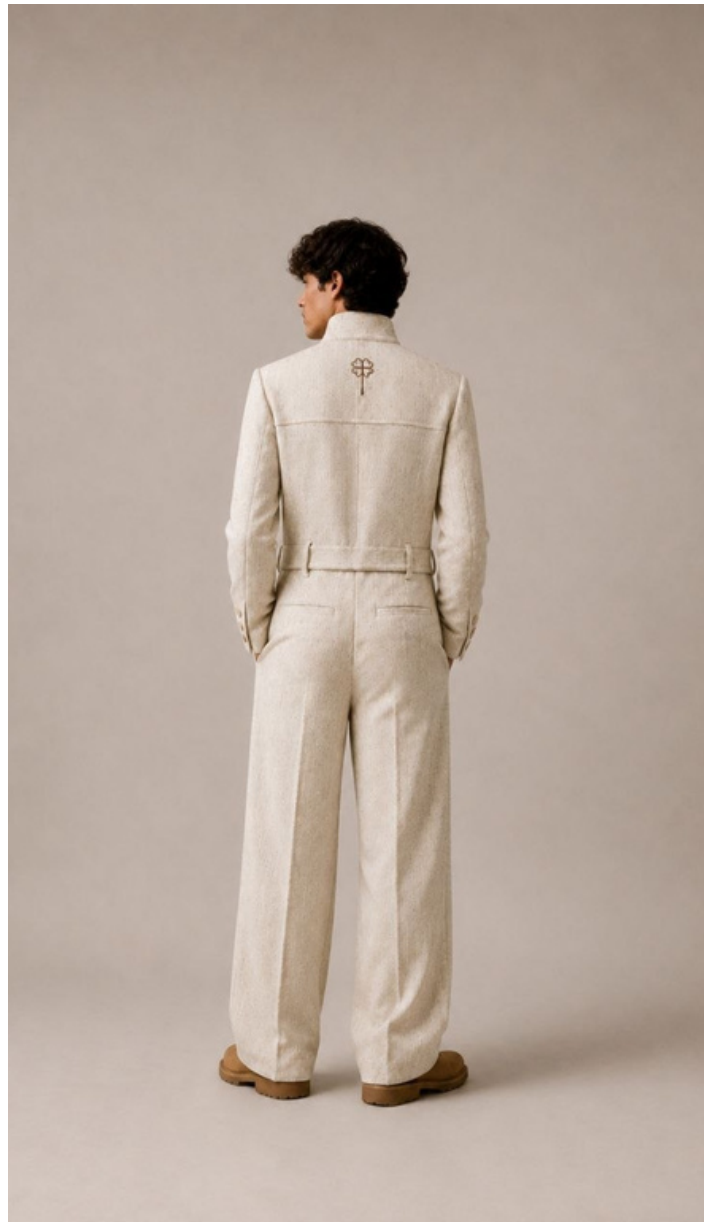

UNIFIED

AE/NX8 explores the power of a singular form.

Constructed as a complete jumpsuit, the design removes unnecessary division and creates a continuous silhouette that moves effortlessly between structure and ease.

The ivory palette introduces a sense of openness and possibility, while refined tailoring preserves authority and precision.

AE/NX8

The ivory palette introduces a sense of openness and possibility, while refined tailoring preserves authority and precision.

NX8 exists in the space between certainty and discovery. A singular form designed to eliminate distraction, it invites focus on presence rather than excess. Unified, uninterrupted, and deliberate, the piece embodies the freedom to define oneself beyond conventional boundaries.

AE/NX9

AE/NX9

NX9 is what happens when restraint becomes power.

A full crocodile-textured silhouette cut in absolute black, engineered for the individual who no longer needs attention to prove presence. Every reflection across the surface becomes a reminder that luxury is not always loud sometimes it moves in silence and leaves impact behind.

The high-collar structure sharpens the posture. The fluid drape softens the authority. Gold-button detailing punctuates the darkness like fragments of status woven directly into the garment. Paired with the matching tailored trousers, NX9 creates a complete visual language: disciplined, elevated, untouchable.

This piece wasn't designed to follow trends.

It was designed to outlive them.

NX9 represents the moment confidence evolves into certainty. The moment ambition becomes identity. The moment you stop entering rooms to be seen and start entering rooms to shift the atmosphere.

Black. Structured. Eternal.

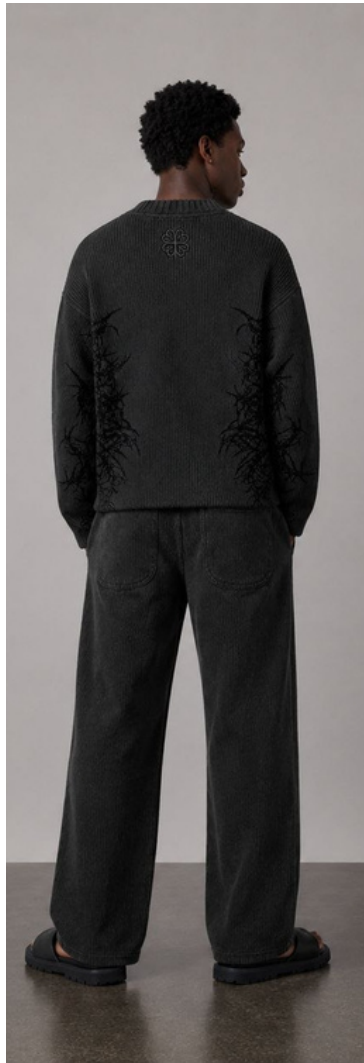

AE/NX10

Every force leaves a mark.
Some on the surface.
Others become part of the structure itself.

NX11 is built around the idea of emergence. Constructed from a textured monochromatic knit and paired with matching straight-leg trousers, the silhouette remains calm, deliberate, and uncompromising.

AE/NX10

Our embroidered four leaf clover logo sits over the heart as a symbol of luck fortune earned through conviction, movement, and belief in one's direction.

Designed for individuals who understand that identity is not found.
It is built.

Define The Unknown.

There are moments when I look within myself and see something I cannot fully explain.
Not a thought. Not a dream. Not a memory. Not A feeling.
A strange sense of excitement, possibility, power, curiosity, and wonder existing all at once.
I call it Unknown Ecstasy.

This collection is my attempt to give form to that feeling.
Every silhouette, detail, and construction choice represents a fragment of what I see when I look into my own
essence the source from which ÆSSENCE was born.

Unknown Ecstasy is not a destination. It is a state of becoming.
A tension between certainty and mystery. Between what is known and what is yet to be discovered.
This collection serves as both an introduction and a declaration.
An introduction to the world I see when I look within.
And a declaration of what I am capable of creating when imagination is allowed to exist without limits.

This is Unknown Ecstasy.
This is ÆSSENCE.
